**RenWeb School Management Software** gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the Internet!

**RenWeb's ParentsWeb** is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting their children's information from others. You can see your child's grades, attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer.

Here's how to access our easy-to-use **RenWeb ParentsWeb**:

- First, you need to make sure that the school has your email address in RenWeb.
- Next, go to [www.renweb.com](http://www.renweb.com) and click **Logins**.
- Click **ParentsWeb Login**.
- Type your school's **District Code RC-CA**
- Click **Create New ParentsWeb Account**.
- Type your email address that the school has and an email is sent to you.

*\*some of the images may be slightly different than what you see on your computer.*

A message displays at the top of the browser, "**User Name/Password successfully updated.**"

We look forward to your participation. Together we can continue to improve our children's academic development as well as communication between our school and your home.
